

## Fertilizer for Community Gardens

A price has been obtained on a carload of about 30 tons of best grade horse manure for vegetable gardens of \$4.75 per ton. Shipment can be made by the dealer promptly from Philadelphia. Mr. C. P. Cook has kindly agreed to weigh and deliver the manure to the gardens at cost of men and team, figured at \$1.00 per hour.

Fertilizing the ground is just as important as selection of good seeds. Those who wish to avail themselves of this opportunity should communicate with Mrs. A. B. Ross, Chairman Food Conservation Committee Woman's Community Club, 104 Forrest avenue, phone Narberth 1639-W. Two of our local gardeners have already requested that they be listed for 8 tons. Orders should be for one or more tons, and cash should accompany the order. Settlement for cost of delivery can be made later. If one ton should be too much for one garden, doubtless arrangements could be made by adjoining gardeners for a division.

The time is rapidly approaching for making the gardens ready for the coming season; therefore no time should be lost in making arrangements through Mrs. Ross for seeds and fertilizer at cost.

## CIVIL WAR VETERAN CELEBRATES BIRTHDAY.

Mr. Thomas Munroe, a veteran of the Civil War, celebrated his seventy-seventh birthday on February 14th at the home of his daughter, Mrs. Frazier Purse, on Elmwood ave. Mr. and Mrs. Munroe formerly resided with another daughter, Mrs. William H. Cohic, of Merion avenue. The day was a lively one for him, as a number of his grandchildren were present to enliven the occasion. Many cards of congratulation were received, and numerous friends called to cheer him and wish him many more such occasions.

Mr. Munroe served during the entire four years of the Civil War, in the 28th Regiment, Pennsylvania Volunteers, and was in many of the greatest battles, among them Antietam and Gettysburg. He was wounded twice while in the service, once very severely, but recovered and returned to his home. During Benjamin Harrison's administration Mr. Munroe received a commission from the President to be Postmaster at Gallitzin, Pa., which office he held for several years.

While he is not as spry as he was some years ago, he is still able to be out on nice days and enjoys going to the Post Office, and his many friends are always glad to see him on the street. We all wish him and his good wife many more years of happiness.

## That 27th Series

We would like to keep the matter fresh in your mind—that a new series of stock will be opened in the Narberth Building and Loan Association on March 6th next. The Board of Directors will be at the Council Chamber, Thursday evening, March 6th, from 7 until 9 to receive subscriptions. This new series will be the twenty-seventh one of the Association, and should be the largest ever issued.

One of the readers of Our Town said the other day that his home had both a first and second mortgage and he had been paying interest on these mortgages for seven or eight years, but never seemed to get what he considered enough money to make a payment on the principal, that while the mortgages were not large, he hesitated to ask the owner of them to receive small sums on account at the interest periods, and consequently he was still waiting until he had an amount large enough so that he would not be ashamed to offer it on the principal. He has now decided that the only way he will ever get these mortgages paid off will be to put them both in the Narberth Building and Loan Association, so that he will have to pay a certain sum each month, which will cover a part payment on both interest and principal so that at the end of eleven and a half years he will own his home clear. He has waited eight years to come to that decision, and he now wonders if he wouldn't be better off to-day if he had started the Building and Loan plan eight years ago when he purchased his home, as he said the money he will pay each month will not seem the burden that the interest payments were, coming in a lump sum every six months.

Another man, having many large interests, with an income requiring him to continually seek new investments, said that he has always been a believer in Building and Loan, and that the money he has paid every month did not seem to make any difference in the size of his bank account, but that when the stock matured and he received a lump sum, he always wondered how in the world this money could be his, as it came to him so easily.

Another man started his children when young to save enough out of their allowance to carry some Building and Loan stock, and now that they have all grown up and married, he is taking out shares in the name of his grandchildren, saying that some of these days, after he has paid on the stock for a few years, he will have a nice Christmas present to give to these grandchildren of his.

It seems that each stockholder has a different reason for carrying his Building and Loan stock, but all think alike, that of all the investments they have ever made, their Building and Loan stock is the most satisfactory.

## BASKETBALL.

On last Friday evening, the Narberth High School basketball team journeyed to Jenkintown and won in a fast game by a score of 54 to 33. The game was exciting and until the middle of the second half Jenkintown kept only a few points behind, but the local boys' speed was too great and the score soon became one-sided. At half time Narberth led, 19 to 18.

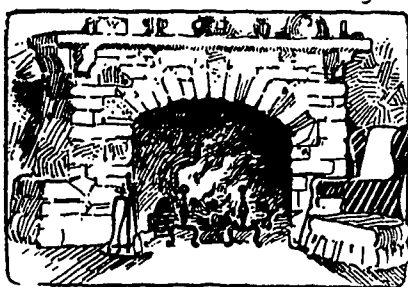

Dickie starred for Narberth and Hiltbeitel for Jenkintown.

The line-up:

Narberth.	Jenkintown.
Dickie.....	Forward ....Hiltbeitel
Jenkins.....	Forward .....Waters
Ward.....	Center .....Dolan
Nolan.....	Guard .....Walton
Harsch.....	Guard .....Potts

Field goals—Dickie, 11; Jenkins, 6; Ward, 4; Harsch, 2; Hiltbeitel, 6; Waters, 1. Foul goals—Dickie, 8 out of 16; Hiltbeitel, 19 out of 30. Sub—Martin for Nolan. Referee—Cavis.

The above collection of men represent a basketball team known as "The All Stars." This aggregation, representing the cream of Narberth's basketball players, are desirous of a game with the Narberth High School team and hope to procure said game through the help and kindness of the editor in the nearest possible future.

Their managers, Dete Harris and Baron Harris, have succeeded, after weeks of pleading and the use of physical strength, which they are quite capable of administering if necessary, in training these men into the pink of condition. The respective managers, with full confidence in their own men, feel that the Narberth High School will in some way find it impossible to play the All Stars, which would seem very plausible after the wonderful record the All Stars have established, having lost only one game this season!

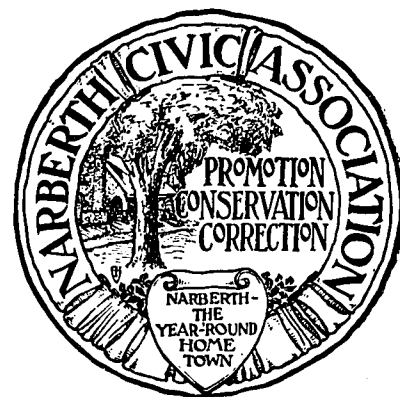

However, the people of Narberth have every right to insist on a game between these two teams, which they most emphatically do, and I, as the champion and admirer of the All Stars, ask the editor to help bring these two versatile teams on the field of battle not only to decide the championship of Narberth, which there is no question of doubt belongs to the All Stars, but to convince the High School that their skill in this manly game is far inferior to such a collection of stars as Narberth's admired All Star team.

Hoping you will give this your deep consideration and thanking you for same, I am,

Very sincerely,  
ONE INTERESTED.

P. S.—The All Stars, showing their big hearts and sportsmanship conduct, agree to play on any floor and any time it so suits the High School. They also agree to turn the receipts of the game over to the High School, providing, of course, that all of the above named men are admitted free of all charge and with the privilege of being on the contested floor at the time of said game, to represent us as time-keepers, scorers, etc. The All Stars also agree to the High School's coach, Mr. Emmitt, as referee, he alone to decide the rules to be played and length of time of the halves.

The annual meeting of the Narberth Tennis Association will be held Friday, March 7th, at 8 P. M., Narberth Y. M. C. A.

### EDITORIAL

A timely announcement is made in another column regarding the importance of preparing at this time for our community gardens. Food prices are still high, and every economy in purchase of seeds and fertilizer is well worth while. The results obtained by our amateur gardeners during the past two seasons have been exceptionally fine. The gardens have not only yielded generously in products, but there has been a splendid dividend in improved health of the gardeners.

#### ANOTHER OPPORTUNITY FOR NARBERTHITES.

It's not what you earn that counts in the long run, but what you save.

And that's a fact that can't be emphasized too often.

Consistent, persistent, systematic saving is the solitary, dependable safeguard against the reduced earning powers of middle and old age, and because the opportunities of earlier life are neglected, because men and women do not set aside a fixed amount each and every week or month to provide against the uncertain future, is responsible for the fact that fifty-three persons out of every one hundred who are living at the age of sixty-five years are dependent on their relatives or charity for support.

That's a posture of affairs that only a foolish man or woman will avoid contemplating—or guarding against.

And not only does systematic saving insure immunity from the visit of the wolf, but the steadiness of character it produces, the excellent citizenship it develops, the fine sense of responsibility which always comes forth as a result of self-imposed tasks of a worthy nature, all these things are natural concomitants of a properly conducted thrift habit.

The best people in a community are those who spend less than they make—the best employees are those who do not live from hand to mouth. "Them that have usually get!"

The Narberth Building and Loan Association has an attractive proposal to offer every resident of Narberth who believes that part of to-day's income,

to-day's wages or salary, should be saved for to-morrow. It will invest your monthly dues for you at a rate which is practically double what the saving banks pay, lending money for gilt-edge mortgages only, and it will return to you \$200 for every share of stock which you carry at \$1 per month. All the profits go to the stockholders—the plan is wholly co-operative—and no better means can be adopted to provide a competence for later years than membership in a building and loan association of this high calibre.

New series opens next month—\$1 per share—and remember the money is subject to your immediate call should you desire it for sickness or adversity, any purpose at all, or should you desire to discontinue membership on account of moving from Narberth. Make sure, then, to enroll yourself at the next meeting, Thursday, March 6, 1919, at Elm Hall, Narberth, and secure as many shares, few or many, as you can carry. Two or three shares for each of the children is a popular and ideal plan.

The best way to save, the most effective means of purchasing your home, the formidable barrier against a troublesome future, is a membership in a high grade building and loan association.

And the Narberth Building and Loan Association is strictly high-grade, as its record plainly proves, and it will most cordially welcome you as a member.

Don't forget the date of the new series—Thursday, March 6, 1919.

To the Editor of our Town:

We have often heard of the brightness shown by the well-known Johnny Bostonian, but we don't always believe all we hear, and we had our doubts as to whether Bostonians had anything on the Philadelphians. It used to be said to ask a Philadelphia lawyer when the question was beyond the analytical power of other humans. But here is one which should make us sit up with the midnight oil, and rub our hands through our hair, and to bring out the good old books of algebra and arithmetic and locate a formula to clear our minds of how it is that you can ride from Boston to Winchester, a distance of 7.8 miles, on a strip ticket of twelve rides for \$1.22, while we ride about 7 miles on a strip ticket of ten rides for \$1.58. Simple, of course, to answer if the two railroads were under private management, but here we are under one great and efficient control. It may be that the accountants are working in our direction and we hope they are, for the sake of our income tax, because we do like to consider such items income rather than expense, you will all agree with me on that point, why of course you will; it's unanimous. But for the "love of Peet" don't let the "Down Easter" pull over anything on us down this way. D.

## Cub's Weekly Letter

To the Editor of Our Town:

Among the most ardent advocates of National Prohibition is our capable Street Commissioner—at least such is the impression, and a very lasting one, carried away by a stranger who had the misfortune to appear within the sacred precincts of our orderly and law-abiding Borough in a somewhat intoxicated condition. Fate was unkind to the stranger in that his path crossed the one traversed by our Supervisor of Roads, Ashes, etc. The latter's righteous ire was aroused by the sight of the inebriated wretch who so defiantly braved the wrath of this bone dry community one day last week. Controlling himself with an effort, our Commissioner endeavored to expostulate with the wanderer and point out to him the error of his following the wide and crooked way, picturing vividly the horrors that awaited him at the end. But alas! all of this eloquence was as so much water on a duck's back. It rolled right off, which is contrary to the usual action of water on the average roof, especially just after you have paid a bill for repairs.

Now you know, and in fact all of us natives know the power of that right arm—the arm which visiting baseball teams had learned to respect,—the arm which was the talk of the college baseball fraternity in the days, many, many years ago, when our present Commissioner was known as the "Princeton Sensation." But the stranger didn't know. Such is the penalty of ignorance. In his blind folly, the visitor totally unappreciative of the lecture which our local Triphammer was delivering, taunted the latter with the remark which had recently appeared in a leading paper. Perhaps you'll remember it. It was to the effect that nothing has as many enemies in public nor as many friends in private as booze. Well, it was all off then. Biff!

The crash was heard from Punxsutawney to Meshoppen and from Wyandoming to Manayunk. The stranger had reckoned without his host or rather his host's fist. For a while our zealous champion of the water wagon was plainly worried. Worried because his late antagonist showed no signs of revival, and for a time it seemed as though the Coroner's services would be in demand. Happily, however, John Barleycorn's disciple recovered in about 10 minutes, firmly convinced that there was a tremendous power behind the Prohibition Movement, and departed from these digressions a somewhat reformed person.

You may recall my assertion that our local Post Office service would be well nigh perfect were Sunday's outgoing mail to leave Narberth before 8.30 Monday morning. The Postmaster wirelessly me that a mail leaves Narberth every Sunday at 5.30 P. M. and wishes to correct the false impression conveyed in my former communication. So be it; am glad to hear it. Now, however, I shall be pleased to hear from the man who told me that he mailed a letter at noon on Sunday and that it wasn't taken out of the box before 8.30 on the following morning—he says he was right there. Somebody's—well, mistaken.

Lew Hess, whom many of us have been wont to look upon as a leader of fashion, startled the community last Friday morning by appearing in what he calls an English ulster. This garment, the product of the sartorial genius of an unknown artist, may properly be called an ulster—what's in a name anyway?—but according to rumor there's a controversy now raging in the Forum as to whether it's a horse blanket or a lap robe. Lew says that we don't recognize good clothes when we see 'em.

Now why does August Evergreen pester me about school matters? Why not go to the Directors with his troubles? However, just to be sociable and help relieve his mind, I asked one of the Board what he thought of August and his interest in the school. Far be it from me, however, to write his reply—you wouldn't print it. He stated that this same person from Brest Litovsk, Walla Walla, or wherever it is, rushed into the school house about a year ago and stormed around shouting that the teachers were not earning their money. The Board member also remarked that the employees of the Garden Nurseries were not noticeably rolling in luxury or waxing rich from the salaries paid

them by their employer, adding that the latter could well afford to pay high wages, in view of the prices he was stinging his customers.

If my opinion were asked, I should say that the Narberth school is fortunate in its faculty and that the teachers earn their modest stipends—in spite of what August said a year ago. And to that I would add that if taxes were increased so as to allow for additional school expenditures, I would pay my share cheerfully. August can't say the same, for the very good reason that he isn't a tax payer. It's so easy for these Bolsheviks to spend the other fellow's money.

Howard Davis, our leading merchant, says: "The cost of everything has gone up excepting that of unasked advice; that's just as free as it ever was."

Doe. Howard had better look to his laurels. The "Brightest Spot in Narberth" is now on Chestnut avenue, three doors west of Essex. Forty windows, each one lighted up every night. Cheerful sight, but think of the bills for light!

#### WHAT A STATE EXPERT SAYS OF NARBERTH SCHOOL LUNCH.

(Taken from the Doylestown Intelligencer.)

It might be of interest to hear what an expert told me about the hot school lunches talked of for the local schools, an idea already adopted in some schools of the county.

"I've seen the plan worked out," I was told, "and one of the most recent successes I've had the pleasure of witnessing is at Narberth."

"There the plan, although the schools in this case pay a woman a salary to take charge, has proved self-sustaining. That is interesting, of course, to folks who fear the plan is likely to affect the tax rate. And as I watched the children at the lunch hour there was not a thing that I could criticize, although close to two hundred children availed themselves of the service of the lunch counter. They were unconsciously getting training in discipline. They were orderly. They were furthermore, getting practical business training and experience in exercising their judgment. They were being trained in the selection of foods from a dietetic standpoint, and in addition to all this there was the social ability it created through meeting in a common dining room under proper conditions."

"When I say they were getting training in the selection of proper foods I mean that they were allowed to exercise their own judgment after proper training. Their selection was supervised so that the little folks, especially, would not eat unwisely; but it was all done tactfully."

Sounds interesting, practical, sensible and helpful, doesn't it?

**1919 WAR STAMP SALES.**

Official reports show Montgomery County as seventh in the list of counties of the State in the sale of War Stamps and Thrift Stamps for 1919.

We should have a pride in having our county make large investment in these War measure securities. They pay 4 4/10% interest and may be cashed on ten days' notice to Postmaster.

**SCHOOL NOTES**

President McCarter and the teachers of the High School Faculty attended the all-day meeting of the Montgomery County High School Teachers' Association, at Lower Merion High School, on Saturday, February 15th. The meeting proved particularly beneficial because of the open discussions, in which Narberth and Lower Merion Directors and teachers took such an active part. The Lower Merion Faculty entertained the guests most cordially. The program for the day was as follows:

**PROGRAM.**

1. Round Table Conference.  
Socialized Recitations.  
Need for Vocational Guidance in High School.  
Educational Measurements.  
The Problem Method in Teaching Social Science.  
Oral English for Current and Fluent Expression.  
Team Work in Teaching.  
Significant Movements in the Teaching of High School Mathematics.
2. Address.
3. "Importance of Word Mastery as an Educative Process."  
Supt. Charles A. Wagner, Chester, Pa.
4. Continuation of Round Table Conference.
5. Miscellaneous topics.

Rev. O. H. Melchior, father of our principal, spent a day in the schools this week. He led devotional exercises, and then listened to the music, which he pronounced as one of the great pleasures of his visit to the Narberth schools.

The enrollment at present in the High School is 174. In the Elementary School, 375.

**SCOUT NEWS.**

Meeting was held as usual at the Y. M. C. A. and many important events were discussed, including our annual hike to Valley Forge and the delivery of the telephone books. All of the boys are expected to turn out in force to help deliver the books. The route of our pilgrimage to Valley Forge was decided upon and Scout Kremer was appointed to command the troop, as our Scoutmaster expects to be very busy with business affairs on the 22nd. We have a large attendance at our meetings since the announcement was made that all delinquent members be asked to hand in their resignations, having 23 present at our last gathering. Scout Smedley has offered the Kangaroo Patrol the use of a small pushcart to be converted into a trek cart and be used by that patrol on its hikes and other affairs of importance.

A general shakeup is planned by our Scoutmaster and many members of the various patrols are to be shifted to others. Several of the Scouts have been advancing rapidly since becoming members, especially the new members of the Bear Patrol, who under the tutelage of Scout Dodge, their patrol leader, are rapidly gaining their first and second class ranks.

Do not forget the minstrel show. The east is rapidly becoming perfected by our Scoutmaster. Among those prominent in it are Gerald Sperry and Lester Peters, who are making a great success of their parts.

#### THE FIRESIDE

(Continued from Page 1.)

The members of the Women's Bible Class of the Presbyterian Sunday School were pleasantly entertained last Thursday afternoon at the home of Mrs. R. D. Rupp, 107 Price avenue.

Mr. C. H. Chatfield, the popular bass singer in the Presbyterian Church Quartette, will repeat next Sunday morning, the solo that was received with such favor a few weeks ago, "Shall I Empty Handed Be?"

The Needlework Guild are invited to sew on Tuesday, February 25th, at the Presbyterian Church as guests of the Ladies' Aid. Let us all try to be at the church at 10 A. M. Lunch will be served. This work is important. Try to be with us.

Mr. Emmett, our Physical Director, spent a few days in purely mental gymnastics upon his cot in the College Hospital. The operation on his knee proved very satisfactory and he hopes soon to be about and into his harness.

Members of the School Board and the High School Faculty accompanied the basketball team to Jenkintown on Friday night. In spite of the pouring rain, everybody reported a good time from start to finish. Why not? Have you seen the score?

The Civic Association has arranged a plan whereby a tree can be planted for each boy in the service. If you want a tree for a particular boy, get in touch with H. R. Hillegas, Chairman of the Garden Committee, who will give you full particulars.

The Women's Missionary Society of the Presbyterian Church will hold its regular monthly meeting on Tuesday, February 25th, at 2.30 P. M. Mrs. A. E. Brown will be in charge of the program. Mrs. Edmund G. Rawson, of Ardmore, will give a talk on the Golden Jubilee.

The annual meeting and banquet of the Main Line Postmasters' Association was held in Bryn Mawr and attended by our Postmaster and his assistants. It was arranged that the next meet-

ing and banquet be held in Narberth in the month of February, 1920, and it is hoped that the Narberth force can entertain them in a fitting manner.

Doris Kenyon, star of Louis Joseph Vance's story, "Wild Honey," to be shown at the Palace Theatre, Ardmore, looks too sweet and refined to idealize the character of the dance hall belle she impersonates, but there is good entertainment in "Wild Honey" for the film devotees who like stirring action, youthful charm and a moral that comes without being ground in by cumbersome titles.

To-day, from 11 A. M. to 2 P. M., there will be a sale of home-made bread, cakes, pies and candy. This sale will be held in the old Post Office Building, and we advise you to come early.

Do you know how well the women of the Needlework Guild and their friends can cook? Come to our sale and judge for yourselves.

This sale is to raise funds to help us in our work for the needy children of France.

We are holding this sale on a Saturday, so that you may have our delicious things for your Sunday meals, thus saving the good mother in your home from a day's labor and insuring you all cakes and pies as good as she ever made.

## THEY LIE IN FRANCE WHERE LILIES BLOOM

They lie in France  
Where lilies bloom;  
Those flowers pale  
That guard each tomb  
Are saintly souls  
That smiling stand  
Close by them in  
That martyred land,  
And mutely there the long night shadows creep  
From quiet hills to mourn for them who sleep,  
While o'er them through the dusk go silently  
The grieving clouds that slowly drift to sea,  
And lately round them moaned the winter wind  
Whose voice, lamenting, sounds so coldly kind,  
Yet in their faith those waiting hearts abide  
The time when turns forever that false tide.

In France they lie  
Where lilies bloom,  
Those flowers fair  
For them made room.  
Not vainly placed  
The crosses stand  
Within that brave  
And stricken land;  
Their honor lives,  
Their love endures,  
Their noble death  
The right assures,  
For they shall have their hearts' desire  
They who, unflinching, braved the fire,  
Across the fields their eyes at last shall see  
Through clouds and mist the hosts of victory.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.
